Working with you to make Sheffield HEALTHIER

Sheffield City Council

NHS Sheffield Clinical Commissioning Group

Staying Independent, Safe and Well
Helping to design health and social care services

When: Wednesday 5th August 2015, 2.00-4.00pm
Where: Sheffield Town Hall, Reception Room A

Are you interested in improving health and social care?
Sheffield City Council and NHS Sheffield are working together to improve health and social care. We need your help to design these services too.

We're holding a friendly and interactive event where we'd like you to share your experiences and ideas with us.

How do you think we could:-

- Coordinate things better for people and families e.g. preventing admission to hospital?
- Improve access to services, advice and expertise e.g. coordinated and accessible services that respond to your needs?
- Offer services out of hospital e.g. more services available nearer to home?
- Ensure that you and your family can
  - easily get the right care
  - understand what will happen next and
  - only tell your story once

Please let us know if you can attend. You can book your place by calling **0114 273 5744**
or by email: **involvement@sheffield.gov.uk**

Everyone is welcome. Please let us know if you need any support or adjustments in order to join us.
