

Rail Replacement works

A brief guide to the upcoming rail replacement works

Covering:

- Hillsborough to Middlewood
- Gleadless Townend to Herdings Park
- Gleadless Townend to Halfway

Overview of Rail Replacement Works 2018

2018 sees the rail replacement project continue, replacing track that was initially laid in the early 1990's. South Yorkshire Passenger Transport Executive (SYPT) has appointed VolkerRail to carry out the engineering work. VolkerRail has extensive experience in track replacement, having carried out the previous works between 2013 - 2015. Stagecoach Supertram will support the SYPT by providing alternative transport arrangements to our customers whilst the works take place.

Work will take place in the five areas shown at various times between late May and September:

- Hillsborough to Middlewood
- Gleadless Townend to Herdings Park
- Gleadless Townend to Halfway

During the works, dedicated tram replacement buses will run in the affected area. Please see the table below for ticket validity.

Stagecoach ticket type	Valid on trams	Valid on tram replacement buses	Valid on normal Stagecoach buses
Tram Only Dayrider or Megarider	✓	✓	✗
Bus Only Dayrider or Megarider	✗	✗	✓
